JAMAICA'S HIGH COMMISSIONER IN
CANADA PAYS TRIBUTE TO MANLEY

TORONTO, March 21 (JAMPRESS):

The following tribute has been paid to former Prime Minister, the Rt. Hon. Michael Norman Manley by Jamaica's High Commissioner in Canada, Her Excellency Maxine Roberts.

"In every country, there are individuals who make an impact on their respective societies. Undoubtedly, Michael Manley was such an individual. His indomitable spirit, his deep conviction in his political beliefs and his belief in the power of third world countries led him to cross paths that had not been trodden before.

"Mr. Manley will well be remembered in history not only for his abiding commitment to the land of his birth, Jamaica, but for his role in ensuring that Jamaica took the forefront lead in the fight against apartheid in South Africa.

"He is a celebrated name that is well recognised around the world and will long be remembered."
