

Nettleford Rex - Prof.

Pro-Vice Chancellor of the University of the West Indies, Professor the Honourable Rex Nettleford, is all smiles as he accepted a copy of the "Dancehall" print from the artist Joshua Higgins at a recent launch and exhibition of his works. Professor Nettleford in launching the print spoke of the serious relationship between the medium of dance and fine art, and that more and more the artistic community in Jamaica was drawing on this symbiotic relationship.
