## Seaga at Stanford 528~

Prime Minister Edward P.G. Seaga of Jamaica will be a keynote speaker at an international business conference, scheduled at Stanford University's Graduate School of Business for January 15.

The Jamaican chief executive will speak on "Harmonizing Host Country and Corporate Objectives." The conference will also feature an address by Terry R. Lautenbach, president of IBM World Trade Americas/Far East Corporation, on "IBM in Developing Countries."

Sponsored by four business school student groups, the conference will include participation by 25 executives and Third World government officials. The event is open to the public, with a registration fee. For further information call (415) 326-6627.
