

B/N. ALLEN, CLEVE Dr. Cleve Allen J.

National Library of Jamaica

Gets Nigeria University post

Gleaner Farm Desk

Dr. Cleve Allen, Senior Livestock Officer in the Ministry of Agriculture, and Dr. T. P. Lecy's immediate assistant in the animal breeding programme at Bodles Livestock Station, has accepted a position with the University of Nigeria, the GLEANER learns.

It is that of senior lecturer on livestock with the agricultural faculty of the university, and head of the division of animal husbandry. He is expected to take up the new position early in the coming year.

Dr. Allen returned to the island less than a fortnight ago, after special scholarship studies in animal husbandry at the University of Glasgow. He is scheduled to resume his duties with Government December 1.

Dr. Allen refused to comment on the appointment when asked yesterday.
