

MR. HERB MCKENLEY

A JOB FOR McKENLEY

Supervisor of Athletics

HERB MCKENLEY, world record quarter-miler, is to be appointed Supervisor of Athletics in the island, beginning August 1.

This announcement was made in the House of Representatives yesterday by the Hon. Donald Sangster, Minister of Finance, in presenting the first Supplementary Estimates of expenditure for the current financial year.

Explaining a subvention of £1,200 to the Jamaica Amateur Athletic Association included in the Estimates, the Minister said it was to provide for salary and expenses for employment of a Supervisor of Athletics for part of the year as from August 1.

"This amount", Mr. Sangster said, "is to allow for the engagement of a Supervisor of Athletics in conformity with the wishes of this House as indicated to the Government to employ Mr. Herb McKenley in the post".

The announcement was greeted with acclamation.
